Outstanding job placement rate

1 KOKUSAI hair dressing & Beauty art vocational College, located in Nippori area of Tokyo, is a beauty school in Japan. Our school was established in 1955. Since then over 20,000 students have trained with us, many of whom now own their own salons in Japan. Student job placement rates consistently exceed 98%, with a 100% overall placement rate for 2020 years' graduates. The relationships we had established with Japanese beauty industries for over 65 years have proven valuable to our students. Let us help you start making your career dreams come true.

Are foreign students allowed to work as 'hairstylists' in Japan after graduation?

Yes. If you meet some requirements, a cosmetology license* issued by Japanese government makes you qualify for residency status that allows work for 5 years in Japan. *Hairstyling license

Supporting our students with Homeroom Teacher system

In KOKUSAI college, each class has an assigned teacher who act as 'homeroom teacher'. Your homeroom teacher offers support and advice you or when required ensures you are directed to the correct support service within the school. We value and support all of our students as individuals. We expect you to work hard and we will work hard to support you. Please feel free to consult your homeroom teacher on any learning problem, issues after graduation, or even your personal matters!

2

Make students “work-ready” upon graduation

3

The vocational educations in KOKUSAI college are designed to make students “work-ready” upon graduation. Our students get plenty of opportunities to work or collaborate with real beauty salons in Tokyo. Also, all of our students complete at least one internship or practicum experience. Our programs provide practical education and help students to develop beauty industry skills that allow them to jump right into their profession and get started.

Train with industry-standard facilities

We have 4 school buildings in Nippori area of Tokyo and each buildings contain the latest equipment being used in hair and beauty industries. Our training facilities of hair & beauty salons provide students with a professional environment and give them outstanding learning experience preparing them for their chosen

4

Vibrant college life

5

There are plenty of college events, projects, and contests to be took part in. A highlight event is our hair and beauty showcase where students demonstrate their technical skill, creativity, and professionalism with classmates. Also, in our college, you will take all lessons, assignments, and examinations with native-Japanese-classmates at the same level. This means more opportunities to take higher quality education and enjoy socializing with Japanese classmates. You will experience a new culture and make friends for life.
